OBJECTIVE

To broaden my experience in software and web development while being an asset to the objectives of your organization.

EXPERIENCE

IT Specialist | School District No. 92 (Nisga'a)

New Aiyansh, BC, Canada

JANUARY 2018 – CURRENT

- Used the OSTicket system to manage and process support actions and requests.
- Helped streamline repair processes, update procedures, and work orders for consistency in support action.
- Configured hardware, software, and devices to set up workstations for employees
- Developed, tested, updated, and maintained the websites for SD92 with a custom Content Management System that is integrated with Azure AD, and social media integration with the district's Facebook and Twitter pages.

Administrative Assistant | Mabalacat City College

Mabalacat City, Pampanga, Philippines

MAY 2017 – NOVEMBER 2017

- Performed general office duties.
- Offered office-wide software and hardware support.
- Prepared meeting minutes and edited proposals and memorandums for organizational support.
- Spearheaded the development of MCC Reports Management System to streamline releasing of announcements and submitting reports in between the College's different institutes.

Intern Front End Developer | TORO.io

Clark Special Economic Zone, Pampanga, Philippines

MAY 2016 – JULY 2017

- Worked in agile-driven environment to effectively maintain project timelines and utilize available resources.
- Used programming capabilities in Apache Velocity, JavaScript, Java, and TORO.io's available in-house libraries and assets in creating dashboards and landing pages.
- Created, fixed, and optimized widgets compatible with TORO.io's website builder app.
- Experienced using Jira and BitBucket to communicate updates and issues to the development team.
